VOLUME 36 NUMBER 1

1 Application of insecticides on cotton in Zambia: timing of spray applications. **I. Javaid**

10 Minimizing insecticide use against cauliflower pests in India. **Desh Paj and B. B. Kanwar**

15 Dissipation of endosulfan in green foliage, pods and grains of red gram (*Cajanus cajan* L.). **N. S. Parihar and Alamelu Gupta**

17 Biological control of groundnut (*Arachis hypogaea* L.) rust (*Puccinia arachidis* Speg.) in India. **M. P. Ghewande**

21 Economic benefits of spraying fungicides to control groundnut foliar diseases in Zambia. **J. Kannaiyan and H. C. Haciwa**

23 Persistency and volatile behaviour of selected chemicals in treated soil against three basidiomycetous root disease pathogens. **T. K. Lim, R. T. Hamm and R. B. Mohamad**

27 Identification of the common thrips of Tropical Africa (Thysanoptera: Insecta). **J. M. Palmer**

50 Effect of natural enemies on the cotton bollworm, *Heliothis armigera* Hübner (Lepidoptera: Noctuidae) in Western Tanzania. **Brigitte T. Nyambo**

59 Insect pests of pearl millet in Sahelian West Africa—II. *Raghuva albipunctella* De Joannis (Noctuidae, Lepidoptera): distribution, population dynamics and assessment of crop damage. **Kanayo F. Nwanze and M. V. K. Sivakumar**

66 Carry over of bruchid, *Caryedon serratus* (Olivier) (Coleoptera) from field to stores through seeds of *Acacia nilotica* (L.) Willd. in India. **S. K. Singal and O. P. Toky**

68 Construction techniques for the control of the sand termite, *Psammotermes hybostoma* Desneux in traditional housing in Egypt. **A. G. Salman and A. A. Sayed**

71 **Short Communications**
Plant parasitic nematodes associated with groundnut in Niger. **S. B. Sharma, P. Subrahmanyam and E. Sarr**

73 **New Records**

77 **Notes and News**

80 **Forthcoming Events**

82 **Book Reviews**

VOLUME 36 NUMBER 2

85 Spatial distribution of key pests of mustard and their natural enemies in India. **R. P. Shukla**

89 Insect pest management of winter planted cotton in coastal rice-fallows of West Bengal. **A. K. Dutt and J. L. Saha**

93 Growth and survival of the Asian corn borer *Ostrinia furnacalis* Guenée (Lep: Pyralidae) on alternative hosts in Guam. **I. H. Schreiner, D. M. Nafus and N. Dumaliang**

97 Studies on macadamia nut borer (*Crytophlebia* spp.) in northern Malawi. **E. A. S. La Croix**

103 Spread and current distribution of the cassava mealybug, *Phenacoccus manihoti* (*Homoptera: Pseudococcidae*), in Zaire. **R. D. Hennessey, P. Neuenschwander and T. Muaka**

108 Studies of loss estimation and relative susceptibility of genotypes of sorghum to earhead caterpillar (*Heliothis armigera* Huebner). **U. N. Mote and D. K. Murthy**

114 Defining the economic threshold determinants for the Asian corn borer, *Ostrinia furnacalis* (Guenee) in the Philippines. **B. Morallo-Rejesus, E. M. Buctuanon and R. S. Rejesus**

122 Suitability of maize varieties for the oviposition and development of *Plodia interpunctella* (Hubner) (Lepidoptera: Pyralidae). **G. N. Mbata**

128 Parasitization behaviour and efficiency of the Braconid, *Microgaster manilae* (Ashmead), against the cutworm, *Spodoptera litura* (F.). **H. S. Torreno**

131 Damage assessment and yield losses in sorghum due to the stem borer *Busseola fusca* (Fuller) (Lepidoptera: Noctuidae) in Northern Nigeria. **J. H. MacFarlane**

138 Damage to cowpea by the legume pod borer, *Maruca testulalis* Geyer, as influenced by infestation density in Nigeria. **E. O. Ogunwolu**

141 Damage by southwestern corn borer (*Diatraea grandiosella* Dyar) on resistant and susceptible maize at three plant growth stages in Mexico. **K. M. Maredia and J. A. Mihm**

145 The response of nine protea species to spray applications of fluazifop-p. **J. DeFrank**

147 A guide to the susceptibility of some tropical crop and pasture weeds and the tolerance of some crop legumes to several herbicides. **D. Hawton, I. D. G. Johnson, D. S. Loch, G. L. Harvey, J. M. T. Marley, W. H. L. Hazard, J. Bibo and S. R. Walker**

151 Bacterial sheath brown rot of rice caused by *Pseudomonas fuscovaginae* in Malagasy. **E. Duveiller, J. L. Notteghem, P. Rott, F. Snacken and H. Maraite**

154 Susceptibility of maize germplasm to bacterial stalk rot caused by *Erwinia chrysanthemi* pv. zeae. **D. N. Sah and D. C. Arny**

157 Black leaf streak and viral leaf streak: new banana diseases in East Africa. **A. J. Dabek and J. M. Waller**

159 The rainfastness of permethrin deposits of emulsifiable concentrate (EC) and ultra-low-volume (ULV) formulation on brussels sprout leaves. **D. Omar and G. A. Matthews**

162 Toxicity of insecticide aerosol drops to tsetse flies. I. Some effects of temperature, formulation and drop size. **E. G. Harris, J. F. Cooper, L. S. Flower, S. C. Smith and C. R. Turner**

166 Changes in application techniques used by the small scale cotton farmer in Africa. **G. A. Matthews**

173 Pest Management, Women and rural extension. **T. Gabriel**

181 **Notes and News**

183 **Forthcoming Events**

VOLUME 36 NUMBER 3

181 **Special Review**
Fusarium diseases in the tropics **J. M. Waller and D. Brayford**
195 Plant virus diseases in the Yemen Arab Republic **D. G. A. Walkey, A. A. Alhubaishi and M. J. W. Webb**
207 Disease incidence, severity and pod yield of winged bean Psophocarpus tetragonolobus) accessions and Psophocarpus scandens **S. A. Gunasekera, W. K. N. Shanthichandra and T. V. Price**
211 Control of bacterial blight of cowpea (*Vigna unquiculata* (L.) Walp.) **K. K. Jindal and B. S. Thind**
214 Reaction of 31 non-senescent sorghum genotypes to stalk rot complex in southern Philippines **C. C. Evangelista and N. G. Tangonan**
216 Plant quarantine inspection, procedures and facilities for the import and export of seeds and vegetative propagules at the International Crops Research Institute for the Semi-Arid Tropics (ICRISAT) **B. K. Varma**
220 Better crop protection information **D. J. Greenland**
223 Pre-harvest crop losses to the African striped ground squirrel, *Xerus erythropus*, in Kenya **G. Key**
230 Effects of endosulphan, chlorpyrifos and their mixtures on *Bemisia tabaci* of Sudan Gezira **K. M. Yassin, N. H. H. Bashir and B. H. Gadalla**
234 Potential health hazards from the consumption of quelea sprayed with fenthion avicide **J. D. Parker, S. Uk, C. C. H. Elliot and H. Jeremiah**
237 The fate of carbofuran in rice-fish and livestock farming **A. W. Tejada, S. M. F. Calumpang and E. D. Magallona**
244 The incidence of *Chilo partellus* (Swinh.) (Pyralidae) and the contribution of natural enemies to its mortality under intercropping system in Kenya **G. W. Oloo and K. Ogeda**
249 Suitability of five species of Aphidiidae (Hymenoptera) for the biological control of the banana aphid *Pentalonia nigronervosa* Coq. (Homoptera, Aphididae) in the South Pacific **W. Völkl, D. H. Stechmann and P. Stary**
258 Intergrated pest management in lucerne (*Medicago sativa* L.) and its economics in India **Shri Ram and M. P. Gupta**
263 Monitoring sweetpotatoe weevil (Coleoptera: Curculionidae) with sex pheromone: effects of dosage and age of septa **R. K. Jansson, F. I. Proshold, L. J. Mason, R. R. Heath and S. H. Lecrone**
270 Control of the larger corn borer (*Prostephanus truncatus*) (Horn) (Coleoptera; Bostrichidae) in traditional maize storage structures in southern Togo **A. von Berg and A. Biliwa**
276 A note on the carpenter moth *Salagena* sp., a new pest of cashew in Zambia **T. Latis**
279 Effects of field populations of cassava mealybug, *Phenacoccus manihoti*, on cassava yield and *Epidinocarsis lopezi* at different planting dates in Nigeria **J. K. U. Emehute and R. I. Egwuatu**
282 Effect of environmental factors on the density of leaf hopper, *Amrasca devastan* (distant) on okra **T. Mahmood, K. M. Khokhar, M. Banaras and M. Ashraf**
285 Notes on the biology and ecology of *Ptecticus testaceus* (Diptera: Stratiomyidae) a soldier fly associated with mango fruit (*M. indica*) in Costa Rica **L. E. Cordero-Jenkins, L. F. Jirón and H. J. Lezama**
287 A method for estimating the population sizes of whitefly nymphs (*Bemisia tabaci* Genn.) on cassava **J. D. Abisgold and L. D. C. Fishpool**
293 Relationship between DDT and pyrethroid resistance in *Heliothis armigera* (Hubner) (Lepidoptera: Noctuidae) in Australia **R. V. Gunning, N. W. Forrester, C. S. Easton and L. R. Greenup**
296 Damage to crops by *Microtermes najdensis* (Isoptera, Macrotermitinae) in irrigated semi-desert areas of the Red Sea Coast. 2. Cotton in the Tokar Delta region of Sudan **A. Tiben, M. J. Pearce, T. G. Wood, M. A. Kambal and R. H. Cowie**
305 Immature life table of a natural population of *Dacus dorsalis* in a village ecosystem **M. Serit and Tan Keng Hong**
310 A new trap for collecting termites and assessing their foraging activity **M. J. Pearce**
312 Management of blossom thrips, *Megalurothrips usitatus* on pigeonpea **C. Peter and V. Govindarajulu**
314 Studies of plant oils as surface protectants against pulse beetle, *Callosobruchus chinensis* (L.) in chickpea, *Cicer arietinum* L. in India **S. K. Singal and Z. Singh**
317 Root-knot nematodes—a constraint to cultivation of Davana, *Artemisia pallens* **A. Haseeb and R. Pandey**
320 **Short Communication**
Malathion resistance in *Sitophilus zeamais* (Mostch) in Zimbabwe **D. P. Giga and U. M. Mazarura**
321 **Book Reviews**
322 **Notes and News**
325 **Forthcoming Events**

VOLUME 36 NUMBER 4

327 Root-knot nematode disease of chickpea in Nepal. **S. B. Sharma, R. P. Sah, Onkar Singh and H. A. van Rheemen**

329 Host status of commonly grown cultivars of chillies (*Capsicum frutescens*) and sweet pepper (*C. annuum*) to the root-knot nematode (*Meloidogyne incognita*) in northern Nigeria. **F. A. Kahn**

332 Control of root-knot nematodes, *Meloidogyne* spp., on tomato, *Lycopersicon esculentum* Mill., with poultry manure. **P. S. Chindo and F. A. Kahn**

336 Torpedograss (*Panicum repens* L.) control with lower rates of glyphosphate. **J. P. N. R. Chandrasena**

343 Performance of a new selective rice herbicide in a lowland rice field in Nigeria. **P. O. Imeokparia**

346 Evaluation of Basta on Kikuyu grass (*Pennisetum clandestinum* choiv.), in Kenya. **J. M. Onsando, M. J. S. Magambo and J. G. Omolo**

349 Evaluation of different acaricides for control of red crevice mite *Brevipalpus phoenicis* Geijskes (Acari – Tenuipalpidae) infesting tea. **V. Sudoi**

353 *Amblypelta* spp. (Hemiptera: Coreidae) and green fruit drop in lychees. **G. K. Waite**

356 Seasonal occurrence and damage by *Pectinphora gossypiella* (Saunders) (Lepidoptera: Gelechiidae) to cotton in Eastern Tanzania. **J. C. B. Kabissa**

359 The failure of field sanitation to reduce infestiation by the mango weevil, *Cryptorhynchus mangiferae* (F.) (Coleoptera: Curculionidae). **J. D. Hansen and J. W. Armstrong**

362 Effects of intercropping and varietal mixtures on the cassava hornworm, *Erinnyis ello* L. (Lepidoptera: Sphingidae), and the stemborer, *Chilomima clarkei* (Amsel) (Lepidoptera: Pyralidae), in Colombia. **C. S. Gold, M. A. Altieri and A. C. Bellotti**

368 *Altica cyanae* (Col: Chrysomelidae) for the biological control of *Ludwigia prostrata* (Onagraceae) in China. **W. Xiao-Shui**

371 Role of some taste additives to enhance poison bait acceptance in the black rat, *Rattus rattus* L.. **M. M. Shafi, A. Pervez, S. Ahmad and S. M. Ahmed**

375 Diseases and pests of the winged bean (*Psophocarpus tetragonolobus*) [L] DC.) in Sri Lanka. **W. K. N. Shanthichandra, S. A. Gunasekera and T. V. Price**

380 Effect of foliar fungicides on foliar diseases and pod, haulm and plant crude protein yields of groundnut. **E. A. Salako and J. K. Adu**

384 Biological control of the purple blotch of onion caused by *Alternaria porri* (Ellis) Ciferri. **S. Tyagi, V. P. Dube and M. U. Charaya**

387 Crop losses caused by brown spot disease in mangrove swamps of northwestern Sierra Leone. **S. N. Fomba and N. Singh**

394 Yield loss attributable to neck-rot of rice caused by *Pyricularia oryzae* Cav. in Cote d'Ivoire. **V. A. Awoderu**

397 The effect of fungicides and insecticides singly and in combination on the control of brown blotch, pod borer infestation and yields of *Vigna unguiculata* (L) Walp. **A. O. Oladiran**

Short Communication

403 Occurrence of Fusarium wilt on potato in Democratic Yemen. **M. H. Abdul Sattar and H. S. Bahamish**

New Records

405 Insect pests of stored ergot sclerotia. **D. Singh and A. K. Tripathi**

Leaf spot disease of water hyacinth, *Eichhornia crassipes*—a new disease record from India. **K. R. Aneja and B. Srinivas**

407 **Notes and News**

408 **Forthcoming Events**
